**SUPERINTENDENT'S REPORT**

To the Freedom School Board:

I herewith submit my fourth annual report as superintendent of schools.

The free public school is still our grand heritage from the liberty-loving pioneers. If our democracy is to stand the schools must train citizens who can honestly and wisely participate in self-government. The schools of Freedom are doing well in this respect. A fine spirit of helpful cooperation exists in school and on playground. The school and community gathering last spring showed excellent school work. A fine address was given by Miss Alice S. Mildram of the Portsmouth Training School.

Mr. Phil A. Bennett has 27 pupils in the Grammar School and Miss Helen D. Phelps has 30 pupils in the Primary Room.

For the year ending June 30, 1930, we had an average attendance of 46, an average membership of 50 and a percent of 92. This is better than it was the year before but should be at least 95. Absence of pupils is a serious hindrance to school progress.

#### Health Work

This work is now under the care of the nurse, Mrs. Marcelle Bozek, who succeeds Miss Curren. The regular inspections have been made and defects registered. Last spring, under Miss Curren's direction, two valuable clinics were held where all pupils desiring were given treatment. The State conducted a Toxin Anti-toxin clinic for school and pre-school children. Such treatment is to prevent diphtheria. A fine dental clinic was also held at which all who desired had

treatment for the teeth. Freedom is to be commended for so generously providing for the physical welfare of its boys and girls. Minds work better when bodies are healthy. The State plans to check up the Toxin Anti-toxin treatment this spring by giving the Schick test. The help of the State is much appreciated.

It is planned to have another dental clinic this spring, conducted on the same general plan as before. The State plans to hold an eye clinic at some central place in this section next spring and children from Freedom can be treated at a moderate expense. Parents should take advantage of these opportunities.

#### Repairs and Improvements

Besides the cleaning, varnishing and painting which is regularly done each summer, two very helpful improvements have been made to the school property. Screens were provided for windows and doors, and the rooms were thus made much more sanitary by the exclusion of flies. Another great improvement was the installation of electric lights which are very helpful on dark days and at times of evening gatherings. Having the electricity also makes it possible to use the manual training machinery and use the grill in preparing the noon lunches. The grammar school should be commended for its energy in providing manual training equipment.

For next year the question of proper heating should receive careful attention. I recommend the installation of at least one ventilating heater. Children ride long distances on cold mornings and the rooms should be comfortable when they arrive, certainly when school begins. To have the temperature below

50 degrees at the opening of school is a condition which should not be tolerated.

### Graduates

Last June we graduated a class of five from the Grammar School: Robert Brooks, Carrie Brooks, Lawrence Brooks, Alfred Huston, and Julia Sanborn.

### High School Attendance 1930-31

Harry West,	Madison High School
Bruce West,	Madison High School
Jessie Giles	Madison High School
Donald Chase	Madison High School
Alfred Huston	Madison High School
Frankie Towle	Parsonsfeld Seminary
Janette Milliken	Parsonsfeld Seminary
Adeline Towle	Parsonsfeld Seminary
Lawrence Brooks	Parsonsfeld Seminary
Annie Judkins	Parsonsfeld Seminary
Everett Nichols	Brewster Academy
June Nichols	Somerville, Mass.
Robert Brooks	Kennett High
Carrie Brooks	Kennett High
Beulah Eastman	Everett, Mass.
Hazel Goss	Brewster Academy

### Students in Advanced Schools

Lahlia Lovering	Plymouth Normal
Edwin Mills,	University of New Hampshire

It is encouraging to note that four out of the five graduates of last June went on to high school. Lahlia Lovering will complete her Normal School course next June and will then go out as a teacher in the public schools of the state. More Freedom students should be graduated from advanced institutions and prepar-

ing for lives of greater usefulness and wider enjoyment. As they graduate from high school or academy plans should be made at once for them to enter college or normal school.

Roll of Perfect Attendance  
1929-1930

One Term

Phyllis Meserve, James Bennett, Arlene Brooks, Mary Leraux, Lowell Brooks, Carrie Brooks, Alfred Huston, Lawrence Chase, Robert Sullivan, Mary Huston, Doris Brooks, Robert Brooks, Ethel Eastman, Roland Huston.

Two Terms

Clifton McKinley

Three Terms

Lawrence Brooks

Helen Giles

On September 1, James N. Pringle succeeded Ernest W. Butterfield as State Commissioner of Education. Our state has met a distinct loss in the departure of Mr. Butterfield who for ten years had guided the schools so successfully during the period of transition and growth under the new state law. However, we are pleased that he has an entirely worthy successor.

Mr. Pringle comes to the position of commissioner with a full knowledge of conditions which he, as deputy, has had a large share in developing. We are glad to welcome Mr. Pringle, believing that the school welfare in New Hampshire is under safe, conscientious and wise direction.

As superintendent of schools, I wish to express

appreciation for generous and cordial support in the school work.

Respectfully submitted,

F. W. JACKSON
